

Ascot Vale West Primary School

The School strives to ensure that our students will become responsible, motivated, life-long learners who can confidently face future challenges.

FIRST AID POLICY

PURPOSE

To ensure the school community understands our school's approach to first aid for students.

SCOPE

First aid for anaphylaxis, asthma & diabetes are provided for in our schools:

- *Anaphylaxis Policy*
- *Asthma Policy*
- *Diabetes Policy*

POLICY

From time to time Ascot Vale West Primary School staff might need to administer first aid to students at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

Staffing

The principal will ensure that Ascot Vale West Primary School has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community.

Ascot Vale West Primary School trained first aid officers are:

- As per Appendix A Attached

First aid kits

Ascot Vale West Primary School will maintain:

- A major first aid kit which will be stored First Aid Room (Administration Building)
- 6 portable first aid kits which may be used for excursions, camps, or yard duty. The portable first aid kits will be stored:
 - Front Office
 - Gymnasium
 - Room 16
 - Room 5
 - Room 1
 - Room 11

- Patricia Star will be responsible for maintaining all first aid kits and communicating with staff regarding supplies.

Care for ill students

Students who are unwell should not attend school.

If a student becomes unwell during the school day they may be directed to the First Aid Room in the Administration Building and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.

First aid management

If there is a situation or incident which occurs at school or a school activity which requires first aid to be administered to a student:

- Staff who have been trained in first aid will administer first aid in accordance with their training. In an emergency situation, other staff may assist in the administration of first aid within their level of competence.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero “000” for emergency medical services at any time.
- Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If first aid is administered for a minor injury or condition, Ascot Vale West Primary School will notify parents/carers by uEducateUs or by telephone for more serious incidences such as a bump to the head.
- If first aid is administered for a serious injury or condition, or in an emergency situation, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
- If staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- Whenever first aid treatment has been administered to a student Ascot Vale West Primary School will:
 - record the incident on uEducateUs/CASES21
 - if first aid was administered in a medical emergency, report the incident to the Department’s Security Services Unit on 03 9859 6266.

In accordance with guidance from the Department of Education and Training, analgesics, including paracetamol and aspirin, will not be stored at school or provided as a standard first aid treatments. This is because they can mask signs of serious illness or injury.
